

EXSEL

QUILL FEATHER NO. 20

Winter Collection
2020 / 2021

Since 1970, Exel has been one of the foremost Finnish sports equipment manufacturers. To this day Exel is known for its pioneering spirit that has led to innovations shaping the sports as we know it.

Exel combines innovative technology with functional design to create an unparalleled line of products that keeps continually evolving to ensure uncompromised customer satisfaction.

With over five decades of great heritage to build on, we are looking forward to building the future success of Exel with you.

Cross Country Poles

Racing Line

Exel Racing Line poles are developed in co-work with world class athletes to meet the highest standards. Excellent stiffness, pendulum and balance of the shaft plus numerous tweaks and innovative improvements make the poles in this line perfect for any athlete.

The new chapter of Exel Cross Country is here! Poles in this range are offered to the world's elite group of athletes, to all the upcoming talents and beginners. Whatever you need to enhance your cross country experience, you will find the best possible equipment in this collection.

Sport Line

Sport Line poles are made for the skiers who will accept a bit extra pole weight, but demand good quality and beautiful design. Exel Sport Line poles are all about that.
